## SKILLS

**Core Subject:-** DSA, DBMS,HTML5,CSS,

**Languages:-** Python , Java

**Specialization:-** AI ML

**Professional skills:**

- Communication skills
- Conflict Resolution
- Adaptability
- Collaborative

## LANGUAGES

- English
- Hindi

## PROFILE

I'm especially drawn to areas like NLP, computer vision, and reinforcement learning because I want to build things that actually make a difference. For me, it's all about getting hands-on with projects, staying up to date with the latest research, and working together with other students and professionals to keep learning and growing.

## WORK EXPERIENCE

### Machine Learning                    2024-PRESENT

Interns Elite Edutech

- Solid background in mathematics, which helps me tackle complex ML problems with confidence
- Strong programming skills across multiple languages and tools
- A clear understanding of core machine learning concepts and how to apply them
- Deep learning and neural networks are a big focus area for me
- Familiar with designing and deploying end-to-end ML systems
- Comfortable working on performance tuning—like optimizing for latency and throughput
- Skilled in advanced NLP techniques for real-world language tasks
- Experience using low-code and AutoML platforms to speed up development when needed

## EDUCATION

### Bachelor of Technology            2022-present

College of Engineering [TMU University]

**CGP:** 6.5

### 12th                                              2021-2022

K.M.M.A.S.V.M.BAHJOI (SAMBHAL)

**Percentage:- 56%**

### 10th                                              2019-2020

K.M.M.A.S.V.M.BAHJOI (SAMBHAL)

**Percentage:- 76%**
